Oakridge® Shingles

Make it your own.

When does a house become a home? When the place you live in begins to reflect the life you're living. When every change, both big and small, makes it more and more your own. Choosing a new roof is your opportunity to make a major impact on the look of your home – and we're here to help. Owens Corning has been a leader in the building materials industry for over 70 years. So you can be confident that your new roof will enhance and help protect your home for years to come.

The Right Choice.™

Oakridge® Shingles are The Right Choice™ for long-lasting performance and striking beauty. In addition to a wide range of inviting, popular colors, they also offer:

- Limited Lifetime Warranty*[#] (for as long as you own your home)
- 110-/130**-MPH Wind Resistance Limited Warranty*
- Algae Resistance Limited Warranty*

Oakridge®

Artisan Colors

At Owens Corning Roofing, we're always looking for ways to help you express your sense of style through your home, which is why we've expanded the Oakridge® color palette with these inspiring selections.

Your home is your canvas.

Oakridge® Artisan Colors are specially designed to provide a unique blend of artistry and craftsmanship that will give your home a look that is anything but ordinary. Blacks and grays are rich and warm, earth tones capture the vibrancy of nature's brightest hues, and bold color combinations help enhance a wide variety of exterior accents and landscaping. Plus, every Oakridge® Artisan Color features greater contrast and color depth to add drama and curb appeal to your entire home.

ENERGY STAR® is for roofs too.

Similar to the energy-efficient appliances in your home, roofing products can provide energy-saving qualities. Owens Corning™ Oakridge® Roofing Shingles in Shasta White can help reduce your energy bills when installed properly. These shingles reflect solar energy, decreasing the amount of heat transferred to a home's interior – and the amount of air conditioning needed to keep it comfortable. Actual savings will vary based on geographic location and individual building characteristics. Call 1-800-GET-PINK® or 1-888-STAR-YES for more information.

The perfect finishing touch.

Owens Corning™ Roofing Hip & Ridge Shingles do more than just deliver added protection to the most vulnerable areas of your roof – they enhance the roofline and help define the character of your entire home.

Don't accept a generic substitute. Be sure to choose the right Owens Corning™ Roofing Hip & Ridge style and specially matched color to provide the perfect finishing touch to your new roof.

Total Protection Roofing System™ Working together to help protect and enhance your home.

It takes more than just shingles to protect your home. The Total Protection Roofing System™¹ is made up of all the essential Owens Corning™ Roofing components and layers that are designed to work together to maximize your roof's performance and durability. High-quality shingles and underlayment products help guard against the weather outside, while ventilation products help balance air flow to control temperature and humidity inside the attic.

The Total Protection Roofing System™¹ is designed to give you the assurance that all of your Owens Corning™ Roofing components are working together to maximize the performance of your new roof – and to enhance the comfort and enjoyment of those who live beneath it.

- a** VentSure® Ventilation Products
Help protect a roof from premature failure by helping remove heat and moisture from the attic.
- b** PINK® Fibreglas™ Blown-In Insulation
Tiny air pockets trapped in the insulation resist the passage of heat flow.
- c** Owens Corning™ Hip & Ridge Shingles
Help protect the ridge vent and add an attractive, finished look to a roof's hips and ridges.
- d** Owens Corning™ Shingles
Add durable beauty to a home. Shingles are the first line of defense against the elements.
- e** Owens Corning™ Underlayment Products
Add an extra layer of protection between the shingles and the roof deck to help prevent damage from wind-driven rain.
- f** WeatherLock® Self-Sealing Ice & Water Barrier Products
Help guard vulnerable areas where water can do the most damage to a roof: eaves, valleys, dormers and skylights.
- g** Owens Corning™ Starter Shingle Products
The first step in the proper installation of shingles.
- h** Owens Corning™ Undereave Ventilation Products
Help prevent moisture buildup in the attic by working with ridge vents to keep air moving.
- i** Illuminator™ Tube Skylight
A smart choice for bringing natural light into the home.

¹ Excludes non-Owens Corning™ Roofing Products such as flashing, fasteners and wood decking.

Home sweet home.

Owens Corning Roofing wants to help make your purchase of a new roof a positive experience. Not only can we help you choose the right shingle and roofing system components, but we can also help you select the right contractor for the job. Don't worry – we know this is a big decision. We're here to help you feel confident about choosing our roofing products. After all, we're America's #1 roofing brand² for a reason.

Want design assistance or more information about Owens Corning™ Roofing products? Or want to find an Owens Corning™ Roofing Preferred Contractor network member?

It's easy to reach us:

1-800-GET-PINK®
www.roofing.owenscorning.com

* See actual warranty for complete details, limitations and requirements.

** 130 MPH is applicable only with 6-nail application and Owens Corning™ Starter Shingle product application in eaves and rakes in accordance with installation instructions.

† Owens Corning strives to accurately reproduce photographs of shingles. Due to manufacturing variances, the limitations of the printing process and the variations in natural lighting, actual shingle colors and granule blends may vary from the photo. The pitch of your roof can also impact how a shingle looks on your home. We suggest that you view a roofing display or several shingles to get a better idea of the actual color. To accurately judge your shingle and color choice, we recommend that you view it on an actual roof with a pitch similar to your own roof prior to making your final selection. Color availability subject to change without notice. Ask your professional roofing contractor for samples of colors available in your area.

‡ 40-year Limited Warranty on commercial projects.
